

RAUB BROCK DIVIDEND GROWTH FUND

Institutional Class Shares (Ticker Symbol: RBDGX)

PROSPECTUS December 31, 2019

The Securities and Exchange Commission (the “SEC”) has not approved or disapproved these securities or passed upon the accuracy or adequacy of this Prospectus. Any representation to the contrary is a criminal offense.

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund’s shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund, if you hold your shares directly with the Fund, or from your financial intermediary, such as a broker-dealer or bank, if you hold your shares through a financial intermediary. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. If you hold your shares directly with the Fund, you may elect to receive shareholder reports and other communications from the Fund electronically by contacting the Fund at 1-888-552-5520 or, if you hold your shares through a financial intermediary, by contacting your financial intermediary.

You may elect to receive all future reports in paper free of charge. If you hold your shares directly with the Fund, you can inform the Fund that you wish to continue receiving paper copies of your shareholder reports by contacting the Fund at 1-888-552-5520 or, if you hold your shares through a financial intermediary, by contacting your financial intermediary.

This Prospectus sets forth basic information about the Fund that you should know before investing. It should be read and retained for future reference.

The date of this Prospectus is December 31, 2019.

SUMMARY SECTION

Investment Objectives

The investment objective of the Raub Brock Dividend Growth Fund (the “Fund”) is long-term capital appreciation. A secondary objective is capital preservation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees		Institutional Class
<i>(fees paid directly from your investment)</i>		Shares
Wire fee		\$20
Overnight check delivery fee		\$25
Retirement account fees (annual maintenance fee)		\$15
Annual Fund Operating Expenses		
<i>(expenses that you pay each year as a percentage of the value of your investment)</i>		
Management fees		0.70%
Distribution (Rule 12b-1) fees		None
Other expenses		0.82%
Shareholder Service Fees ¹	0.10%	
Other Expenses ²	0.72%	
Total annual fund operating expenses		1.52%
Fees waived and/or expenses reimbursed ³		(0.57%)
Total annual fund operating expenses after waiving fees and/or reimbursing expenses³		0.95%

¹ The Fund may enter into shareholder services arrangements with broker-dealers, banks, trust companies, and other financial services firms under which such firms agree to provide certain support services to Institutional Class shareholders for a fee of up to 0.15% of the Fund’s average daily net assets attributable to Institutional Class shares. The Fund’s shareholder servicing fees have been estimated for the current fiscal year.

² “Other expenses” have been estimated for the current fiscal year. Actual expenses may differ from estimates.

³ The Fund’s advisor has contractually agreed to waive its fees and/or pay for operating expenses of the Fund to ensure that total annual fund operating expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses (as determined in accordance with SEC Form N-1A), expenses incurred in connection with any merger or reorganization, and extraordinary expenses such as litigation expenses) do not exceed 0.95% of the average daily net assets of the Institutional Class shares of the Fund. This agreement is in effect until April 30, 2021, and it may be terminated before that date only by the Trust’s Board of Trustees. The Fund’s advisor is permitted to seek reimbursement from the Fund, subject to certain limitations, of fees waived or payments made to the Fund for a period ending three full years after the date of the waiver or payment. This reimbursement may be requested from the Fund if the reimbursement will not cause the Fund’s annual expense ratio to exceed the lesser of (a) the expense limitation in effect at the time such fees were waived or payments made, or (b) the expense limitation in effect at the time of the reimbursement.

Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. The example reflects the Fund's contractual fee waiver and/or expense reimbursement only for the term of the contractual fee waiver and/or expense reimbursement.

Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	<u>One Year</u>	<u>Three Years</u>
Institutional Class Shares	\$97	\$424

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund's performance. The Fund is newly-created and, as a result, does not yet have a portfolio turnover rate.

Principal Investment Strategies

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in the equity securities of dividend-paying companies. In particular, the Fund focuses on common stocks of large capitalization companies with increasing dividends that trade on U.S. stock exchanges, regardless of where the company is headquartered.

Raub Brock Capital Management, L.P. (the "Advisor"), the Fund's investment advisor, believes that its focus on investing in high quality companies with growing dividends provides the best opportunity for the Fund to achieve better returns, with less risk, than its benchmark, the S&P 500 Index, thereby providing the potential for superior performance in rising markets and preservation of capital during declining markets. The Advisor creates an initial investable universe by first screening for large capitalization companies that (i) have increased dividends for at least five consecutive years and (ii) have sufficient trading liquidity, as measured by average daily value traded during the previous three months. The Advisor then screens the remaining companies based on specific growth characteristics (dividend growth, dividend growth capacity and earnings growth) and quality characteristics (leverage, financial efficiency, financial stability and earnings dispersion). Finally, the Advisor excludes companies involved in alcohol, gambling, tobacco, civilian firearms, military weapons or nuclear power. The Advisor then performs fundamental, bottom-up research on each remaining company, focusing on a company's management, competitive position, strategy, market, growth outlook and valuation, to create a portfolio of approximately 20 stocks. The Advisor selects stocks of companies it considers to have the best expected return, attractive valuation, and low volatility.

The Fund is classified as "non-diversified" for purposes of the Investment Company Act of 1940 (the "1940 Act"), which means a relatively high percentage of the Fund's assets may be invested in the securities of a limited number of companies that could be in the same or related economic sectors.

The Advisor may sell all or a portion of a position when, in its opinion, one or more of the following occurs, among other reasons: (i) the issuer decreases its dividend or the Advisor believes a decrease in dividend is imminent; (ii) the issuer's dividend increase is below the Advisor's projections; (iii) the issuer's fundamentals deteriorate; (iv) the reason(s) for maintaining the position are no longer valid; (v) the Advisor's view of the business fundamentals or management of the underlying company changes; (vi) a more attractive investment opportunity is found; (vii) general market conditions trigger a change in the Advisor's assessment criteria; (viii) for other portfolio management reasons; or (ix) the Fund requires cash to meet redemption requests.

Principal Risks of Investing

Risk is inherent in all investing and you could lose money by investing in the Fund. A summary description of certain principal risks of investing in the Fund is set forth below. Before you decide whether to invest in the Fund, carefully consider these risk factors associated with investing in the Fund, which may cause investors to lose money. There can be no assurance that the Fund will achieve its investment objective.

Dividend-paying security risk. An issuer may be unwilling or unable to pay dividends or may reduce the level of dividends declared. There is no guarantee that an issuer will pay a dividend. In addition, securities that pay high dividends as a group can fall out of favor with the market, causing the Fund during such periods to underperform funds that do not focus on dividends. The Fund's focus on dividend paying investments may cause the Fund's share price and total return to fluctuate more than the share price and total return of funds that do not focus their investments on dividend paying securities.

Equity risk. The value of the equity securities held by the Fund may fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests.

Large-cap company risk. Larger, more established companies may be unable to attain the high growth rates of successful, smaller companies during periods of economic expansion.

Foreign investment risk. The prices of foreign securities may be more volatile than the prices of securities of U.S. issuers because of economic and social conditions abroad, political developments, and changes in the regulatory environments of foreign countries. In addition, changes in exchange rates and interest rates may adversely affect the values of the Fund's foreign investments. Foreign companies are generally subject to different legal and accounting standards than U.S. companies, and foreign financial intermediaries may be subject to less supervision and regulation than U.S. financial firms. Foreign securities include American Depositary Receipts ("ADRs") and Global Depositary Receipts ("GDRs"). Unsponsored ADRs and GDRs are organized independently and without the cooperation of the foreign issuer of the underlying securities, and involve additional risks because U.S. reporting requirements do not apply. In addition, the issuing bank may deduct shareholder distribution, custody, foreign currency exchange, and other fees from the payment of dividends.

Growth-oriented investment strategies risk. Growth funds generally focus on stocks of companies believed to have above-average potential for growth in revenue and earnings. Growth securities typically are very sensitive to market movements because their market prices frequently reflect projections of future earnings or revenues, and when it appears that those expectations will not be met, the prices of growth securities typically fall.

Management and strategy risk. The value of your investment depends on the judgment of the Fund's advisor about the quality, relative yield, value or market trends affecting a particular security, industry, sector or region, which may prove to be incorrect.

Market risk. The market price of a security or instrument may decline, sometimes rapidly or unpredictably, due to general market conditions that are not specifically related to a particular company, such as real or perceived adverse economic or political conditions throughout the world, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. The market value of a security or instrument also may decline because of factors that affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry.

Non-diversification risk. The Fund is classified as "non-diversified," which means the Fund may invest a larger percentage of its assets in the securities of a smaller number of issuers than a diversified fund. Investment in securities of a limited number of issuers exposes the Fund to greater market risk and potential losses than if its assets were diversified among the securities of a greater number of issuers.

No operating history. The Fund is newly organized and has no operating history. As a result, prospective investors have no track record or history on which to base their investment decisions.

Risk of increase in expenses. Your actual costs of investing in the Fund may be higher than the expenses shown in “Annual fund operating expenses” in the “Fees and Expenses of the Fund” table in this Prospectus for a variety of reasons. For example, expense ratios may be higher than those shown if a fee limitation is changed or terminated or if average net assets decrease. Net assets are more likely to decrease and Fund expense ratios are more likely to increase when markets are volatile.

Sector focus risk. The Fund may invest a larger portion of its assets in one or more sectors than many other mutual funds, and thus will be more susceptible to negative events affecting those sectors.

Cybersecurity risk. Cybersecurity incidents may allow an unauthorized party to gain access to Fund assets, customer data (including private shareholder information), or proprietary information, or cause the Fund, the Fund’s advisor, and/or other service providers (including custodians, sub-custodians, transfer agents and financial intermediaries) to suffer data breaches, data corruption or loss of operational functionality. In an extreme case, a shareholders’ ability to exchange or redeem Fund shares may be affected.

Performance

The Fund is new and does not have a full calendar year performance record to compare against other mutual funds or broad measures of securities market performance such as indices. Performance information will be available after the Fund has been in operation for one calendar year.

Investment Advisor

Raub Brock Capital Management, LP (“Raub Brock” or “Advisor”)

Portfolio Manager

Richard Alpert, CFP®, Portfolio Manager, has been primarily responsible for the day-to-day management of the Fund’s portfolio since its inception on December 31, 2019.

Purchase and Sale of Fund Shares

To purchase shares of the Fund, generally you must invest at least the minimum amount.

<u>Minimum Investments</u>	<u>To Open Your Account</u>	<u>To Add to Your Account</u>
Direct Regular Accounts	\$10,000	\$100
Direct Retirement Accounts	\$5,000	\$100
Automatic Investment Plan	\$10,000	\$100
Gift Account For Minors	\$10,000	\$100

Fund shares are redeemable on any business day the New York Stock Exchange (the “NYSE”) is open for business, by written request or by telephone.

Tax Information

The Fund’s distributions are generally taxable, and will ordinarily be taxed as ordinary income, qualified dividend income or capital gains, unless you are investing through a tax-advantaged arrangement, such as a 401(k) plan or an individual retirement account. Shareholders investing through such tax-advantaged arrangements may be taxed later upon withdrawal of monies from those arrangements.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

MORE ABOUT THE FUND'S INVESTMENT OBJECTIVE, PRINCIPAL INVESTMENT STRATEGIES AND RISKS

Investment Objectives

The Fund's investment objective is long-term capital appreciation. A secondary objective is capital preservation. There is no assurance that the Fund will achieve its investment objective.

The Fund's investment objective is not fundamental and may be changed by the Board of Trustees without shareholder approval, upon at least 60 days' prior written notice to shareholders. The Fund's investment strategies and policies may be changed from time to time without shareholder approval or prior written notice, unless specifically stated otherwise in this Prospectus or the SAI.

Principal Investment Strategies

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in the equity securities of dividend-paying companies. In particular, the Fund focuses on common stocks of large capitalization companies with increasing dividends that trade on U.S. stock exchanges, regardless of where the company is headquartered.

Raub Brock Capital Management, L.P. (the "Advisor"), the Fund's investment advisor, believes that its focus on investing in high quality companies with growing dividends provides the best opportunity for the Fund to achieve better returns, with less risk, than its benchmark, the S&P 500 Index, thereby providing the potential for superior performance in rising markets and preservation of capital during declining markets. The Advisor creates an initial investable universe by first screening for large capitalization companies that (i) have increased dividends for at least five consecutive years and (ii) have sufficient trading liquidity, as measured by average daily value traded during the previous three months. The Advisor then screens the remaining companies based on specific growth characteristics (dividend growth, dividend growth capacity and earnings growth) and quality characteristics (leverage, financial efficiency, financial stability and earnings dispersion). Finally, the Advisor excludes companies involved in alcohol, gambling, tobacco, civilian firearms, military weapons or nuclear power. The Advisor then performs fundamental, bottom-up research on each remaining company, focusing on a company's management, competitive position, strategy, market, growth outlook and valuation, to create a portfolio of approximately 20 stocks. The Advisor selects stocks of companies it considers to have the best expected return, attractive valuation, and low volatility.

The Fund is classified as "non-diversified" for purposes of the Investment Company Act of 1940 (the "1940 Act"), which means a relatively high percentage of the Fund's assets may be invested in the securities of a limited number of companies that could be in the same or related economic sectors.

The Advisor may sell all or a portion of a position when, in its opinion, one or more of the following occurs, among other reasons: (i) the issuer decreases its dividend or the Advisor believes a decrease in dividend is imminent; (ii) the issuer's dividend increase is below the Advisor's projections; (iii) the issuer's fundamentals deteriorate; (iv) the reason(s) for maintaining the position are no longer valid; (v) the Advisor's view of the business fundamentals or management of the underlying company changes; (vi) a more attractive investment opportunity is found; (vii) general market conditions trigger a change in the Advisor's assessment criteria; (viii) for other portfolio management reasons; or (ix) the Fund requires cash to meet redemption requests.

When the Advisor believes that current market, economic, political or other conditions are unsuitable and would impair the pursuit of the Fund's investment objective, the Fund may invest some or all of its assets in cash or cash equivalents, including but not limited to high-quality short-term debt securities and money market instruments. These short-term debt securities and money market instruments include: shares of money market mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements that carry an investment grade rating by a national rating agency. When the Fund takes a temporary defensive position, the Fund may not achieve its investment objective. The Fund may also invest a substantial portion of its assets in such instruments at any time to maintain liquidity or pending selection of investments in accordance with its policies.

Principal Risks of Investing

The Fund's principal risks are set forth below. Before you decide whether to invest in the Fund, carefully consider these risk factors and special considerations associated with investing in the Fund, which may cause you to lose money.

- **Dividend-paying security risk.** An issuer may be unwilling or unable to pay dividends or may reduce the level of dividends declared. There is no guarantee that an issuer will pay a dividend. In addition, securities that pay high dividends as a group can fall out of favor with the market, causing the Fund during such periods to underperform funds that do not focus on dividends. The Fund's focus on dividend paying investments may cause the Fund's share price and total return to fluctuate more than the share price and total return of funds that do not focus their investments on dividend paying securities.
- **Equity risk.** The value of equity securities held by the Fund may fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests. The price of common stock of an issuer in the Fund's portfolio may decline if the issuer fails to make anticipated dividend payments because, among other reasons, the financial condition of the issuer declines. Common stock is subordinated to preferred stocks, bonds and other debt instruments in a company's capital structure in terms of priority with respect to corporate income, and therefore will be subject to greater dividend risk than preferred stocks or debt instruments of such issuers. In addition, while broad market measures of common stocks have historically generated higher average returns than fixed income securities, common stocks have also experienced significantly more volatility in those returns.
- **Large-cap company risk.** Larger, more established companies may be unable to attain the high growth rates of successful, smaller companies during periods of economic expansion. In addition, large-capitalization companies may be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes, and may be more prone to global economic risks.
- **Foreign investment risk.** Investments in foreign securities are affected by risk factors generally not thought to be present in the United States. The prices of foreign securities may be more volatile than the prices of securities of U.S. issuers because of economic and social conditions abroad, political developments, and changes in the regulatory environments of foreign countries. Special risks associated with investments in foreign markets include less liquidity, less developed or less efficient trading markets, lack of comprehensive company information, less government supervision of exchanges, brokers and issuers, greater risks associated with counterparties and settlement, and difficulty in enforcing contractual obligations. In addition, changes in exchange rates and interest rates, and imposition of foreign taxes, may adversely affect the value of the Fund's foreign investments. Foreign companies are generally subject to different legal and accounting standards than U.S. companies, and foreign financial intermediaries may be subject to less supervision and regulation than U.S. financial firms. The Fund's investments in depository receipts (including ADRs) are subject to these risks, even if denominated in U.S. Dollars, because changes in currency and exchange rates affect the values of the issuers of depository receipts. In addition, the underlying issuers of certain depository receipts, particularly unsponsored or unregistered depository receipts, are under no obligation to distribute shareholder communications to the holders of such receipts, or to pass through to them any voting rights with respect to the deposited securities.
- **Growth-oriented investment strategies risk.** Growth funds generally focus on stocks of companies believed to have above-average potential for growth in revenue and earnings. Growth securities typically are very sensitive to market movements because their market prices frequently reflect projections of future earnings or revenues, and when it appears that those expectations will not be met the prices of growth securities typically fall. Prices of these companies' securities may be more volatile than those of other securities, particularly over the short term.
- **Management and strategy risk.** The value of your investment depends on the judgment of the Advisor about the quality, relative yield, value or market trends affecting a particular security, industry, sector or region, which may prove to be incorrect. Investment strategies employed by the Advisor in selecting investments for the Fund may not result in an increase in the value of your investment or in overall performance equal to other investments.

- **Market risk.** The market price of a security or instrument may decline, sometimes rapidly or unpredictably, due to general market conditions that are not specifically related to a particular company, such as real or perceived adverse economic or political conditions throughout the world, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. The market value of a security or instrument also may decline because of factors that affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry. For example, the financial crisis that began in 2008 caused a significant decline in the value and liquidity of many securities; in particular, the values of some sovereign debt and of securities of issuers that invest in sovereign debt and related investments fell, credit became more scarce worldwide and there was significant uncertainty in the markets. Such environments could make identifying investment risks and opportunities especially difficult for the Advisor. In response to the crisis, the United States and other governments have taken steps to support financial markets. The withdrawal of this support or failure of efforts in response to the crisis could negatively affect financial markets generally as well as the value and liquidity of certain securities. In addition, policy and legislative changes in the United States and in other countries are changing many aspects of financial regulation. The impact of these changes on the markets, and the practical implications for market participants, may not be fully known for some time.
- **Non-diversification risk.** The Fund is classified as “non-diversified,” which means the Fund may invest a larger percentage of its assets in the securities of a smaller number of issuers than a diversified fund. Investment in securities of a limited number of issuers exposes the Fund to greater market risk and potential losses than if its assets were diversified among the securities of a greater number of issuers.
- **No operating history.** The Fund is a newly organized series of an open-end management investment company and has no operating history. As a result, prospective investors have no track record or history on which to base their investment decisions. Among other things, this means that investors will not be able to evaluate the Fund against one or more comparable mutual funds on the basis of relative performance until the Fund has established a track record.
- **Risk of increase in expenses.** Your actual costs of investing in the Fund may be higher than the expenses shown in “Annual fund operating expenses” in the “Fees and Expenses of the Fund” table in this Prospectus for a variety of reasons. For example, expense ratios may be higher than those shown if a fee limitation is changed or terminated or if average net assets decrease. Net assets are more likely to decrease and Fund expense ratios are more likely to increase when markets are volatile. In addition, the Advisor has agreed to waive all or a portion of its fees and to subsidize the Fund’s other operating expenses for a specified period to maintain the Fund’s expense ratio at a level the Advisor believes will be competitive, but no assurance exists that the Fund’s assets will reach a level that will be adequate to maintain its expense ratio at such a level without such a waiver and subsidy or that the Advisor will be willing to continue to manage the Fund beyond such period if the Advisor cannot do so profitably.
- **Sector focus risk.** The Fund may invest a larger portion of its assets in one or more sectors than many other mutual funds and thus will be more susceptible to negative events affecting those sectors. At times the performance of the Fund’s investments may lag the performance of other sectors or the broader market as a whole. Such underperformance may continue for extended periods of time.
- **Cybersecurity risk.** Cybersecurity incidents may allow an unauthorized party to gain access to Fund assets, customer data (including private shareholder information), or proprietary information, or cause the Fund, the Fund’s advisor, and/or other service providers (including custodians, sub-custodians, transfer agents and financial intermediaries) to suffer data breaches, data corruption or loss of operational functionality. A cybersecurity incident may disrupt the processing of shareholder transactions, impact the Fund’s ability to calculate its net asset values, and prevent shareholders from redeeming their shares.

Portfolio Holdings Information

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's Statement of Additional Information ("SAI"). Currently, disclosure of the Fund's holdings is required to be made quarterly within 60 days of the end of each fiscal quarter in the Fund's Annual Report and Semi-Annual Report to Fund shareholders and in its quarterly holdings report on Form N-Q, and Part F of Form N-PORT (beginning on or before April 30, 2020).

MANAGEMENT OF THE FUND

Investment Advisor

Raub Brock Capital Management, LP, a limited partnership organized under the laws of the state of California, formed in 2010, which maintains its principal offices at 700 Larkspur Landing Circle, Suite 240, Larkspur, CA 94939, acts as the investment advisor to the Fund pursuant to an investment advisory agreement (the "Advisory Agreement") with the Trust. The Advisor is an investment advisor registered with the SEC and provides investment advice to open-end funds, collective investment trust funds, and institutional and high net worth clients. The Advisor has approximately \$1.91 billion in assets under management as of September 30, 2019.

Pursuant to the Advisory Agreement, the Fund pays the Advisor an annual advisory fee of 0.70% of the Fund's average daily net assets for the services and facilities it provides, payable on a monthly basis.

A discussion regarding the basis for the Board's approval of the Advisory Agreement will be available in the Fund's Semi-annual Report to shareholders dated as of June 30, 2020.

Portfolio Manager

Richard Alpert, CFP®, is primarily responsible for the day-to-day management of the Fund's portfolio. Mr. Alpert joined the Advisor in 2010 and since June 2014, he has served as Managing Partner, Chief Operating Officer, and Chief Compliance Officer of the Advisor. Alpert earned a B.A. in political science and economics from the Colorado College.

The SAI provides additional information about the portfolio manager's method of compensation, other accounts managed by the portfolio manager and the portfolio manager's ownership of Fund securities.

Other Service Providers

IMST Distributors, LLC (the "Distributor") is the Trust's principal underwriter and acts as the Trust's distributor in connection with the offering of Fund shares. The Distributor may enter into agreements with banks, broker-dealers, or other financial intermediaries through which investors may purchase or redeem shares. The Distributor is not affiliated with the Trust, the Advisor, or any other service provider for the Fund.

Fund Expenses

The Fund is responsible for its own operating expenses (all of which will be borne directly or indirectly by the Fund's shareholders), including among others, legal fees and expenses of counsel to the Fund and the Fund's independent trustees; insurance (including trustees' and officers' errors and omissions insurance); auditing and accounting expenses; taxes and governmental fees; listing fees; fees and expenses of the Fund's custodians, administrators, transfer agents, registrars and other service providers; expenses for portfolio pricing services by a pricing agent, if any; expenses in connection with the issuance and offering of shares; brokerage commissions and other costs of acquiring or disposing of any portfolio holding of the Fund; and any litigation expenses.

The Advisor has contractually agreed to waive its fees and/or pay for operating expenses of the Fund to ensure that the total annual fund operating expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses (as determined in accordance with Form N-1A), expenses incurred in connection with any merger or reorganization, and extraordinary expenses such as litigation expenses) do not exceed 0.95% of the average daily net assets of the Institutional Class shares of the Fund. This agreement is in effect until April 30, 2021, and it may be terminated before that date only by the Trust's Board of Trustees.

Any reduction in advisory fees or payment of the Fund's expenses made by the Advisor in a fiscal year may be reimbursed by the Fund for a period ending three full years after the date of reduction or payment if the Advisor so requests. This reimbursement may be requested from the Fund if the reimbursement will not cause the Fund's annual expense ratio to exceed the lesser of (a) the expense limitation in effect at the time such fees were waived or payments made, or (b) the expense limitation in effect at the time of the reimbursement. However, the reimbursement amount may not exceed the total amount of fees waived and/or Fund expenses paid by the Advisor and will not include any amounts previously reimbursed to the Advisor by the Fund. Any such reimbursement is contingent upon the Board's subsequent review of the reimbursed amounts. The Fund must pay current ordinary operating expenses before the Advisor is entitled to any reimbursement of fees and/or Fund expenses.

Prior Performance for Similar Accounts Managed by the Advisor

Raub Brock Dividend Growth Portfolio Composite

The following table sets forth performance data relating to the historical performance of all private accounts managed by the Advisor for the periods indicated that have investment objectives, policies, and strategies substantially similar to those of the Fund. The data is provided to illustrate the past performance of the Advisor in managing substantially similar accounts as measured against a market index and does not represent the performance of the Fund. You should not consider this performance data as an indication of future performance of the Fund.

The private accounts that are included in the performance data set forth below are not subject to the same types of expenses to which the Fund is subject, or to the diversification requirements, specific tax restrictions and investment limitations imposed on the Fund by the Investment Company Act of 1940, as amended (the "1940 Act"), or Subchapter M of the Internal Revenue Code of 1986. Consequently, the performance results for these private accounts could have been adversely affected if the private accounts had been regulated as investment companies under the federal securities laws.

**Average Annual Total Returns
For the Periods Ended November 30, 2019**

	One Year	Five Years	Ten Years	Since Inception (12/31/1999)
Raub Brock Dividend Growth Composite				
Net Returns, after fees/expenses*	18.59%	10.95%	13.79%	9.71%
Gross Returns	19.95%	12.18%	14.99%	10.82%
S&P 500 Index	16.11%	10.98%	13.44%	5.93%

* The net returns for the composite are shown net of all actual fees and expenses. The fees and expenses of accounts included in the composite are lower than the anticipated operating expenses of the Fund and accordingly, the performance results of the composite are higher than what the Fund's performance would have been.

* Total Assets include UMA assets and are not part of the GIPS® firm assets. UMA assets are accounts in which Raub Brock provides model holdings to a sponsor who then executes trades in client accounts. UMA and Total Assets are shown as supplemental information.

Raub Brock Dividend Growth Portfolio Composite contains all fully discretionary accounts that follow the core dividend growth holdings model and for comparison purposes is measured against the S&P 500 Index. The S&P 500 Index is a capitalization-weighted index of 500 stocks. The S&P 500 Index is designed to measure performance of the broad domestic economy through changes in the aggregate market values of 500 stocks representing all major industries. The minimum account size for inclusion in this composite is \$100,000.

Raub Brock Capital Management, LP has prepared and presented this report in compliance with the Global Investment Performance Standards (GIPS®), which differs from the SEC method of calculating performance. The GIPS are a set of standardized, industry wide principles that provide investment firms with guidance on how to calculate and report their investment results. The GIPS total return is calculated using a methodology that incorporates the time-weighted rate of return concept for all assets, which removes the effects of cash flows. The SEC standardized total return is calculated using a standard formula that uses the average annual total return assuming reinvestment of dividends and distributions and deduction of sales loads or charges.

Raub Brock Capital Management, LP has been independently verified for the period January 1, 2019 through December 31, 2018 by ACA Performance Services, LLC. For the periods June 1, 2001 to December 31, 2019, Raub Brock Capital Management, LP was independently verified by Ashland Partners & Company LLP. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. The verification and performance examination reports are available upon request.

Raub Brock Capital Management, LP is a fee-only investment adviser registered with the SEC. Firm and composite assets presented include assets managed at both Raub Brock Capital Management, LP and Raub Capital Management. Raub Brock Capital Management, LP was established May 31, 2001, and composite performance and assets presented prior to then consist entirely of Raub Capital Management. This track record has been reviewed for compliance with the portability requirements of the GIPS standards. The firm maintains a complete list and description of composites, which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Composite performance is presented net of foreign withholding taxes on dividends, interest income, and capital gains. Withholding taxes may vary according to the investor's domicile. Composite returns represent investors domiciled primarily in the US. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Non-fee-paying accounts are included in the composite.

Beginning December 31, 2014, net of fee performance is calculated using actual management fees. Pure gross returns for bundled fee accounts are presented as supplemental information and do not reflect the deduction of any trading costs, fees, or expenses and are presented for comparison purposes only.

Prior to December 31, 2014, the highest annual fee of 1% was applied to the composite and compounded monthly in order to appropriately present net performance. Gross returns prior to 2014 reflect the deduction of trading costs. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite the entire year. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.

Beginning December 31, 2012, composite policy requires the temporary removal of any account incurring a client initiated cash inflow or outflow of at least 10% of account assets.

Bundled fees include brokerage commissions and other trading expenses, investment management fees, consulting fees, transaction fees, and custodial fees. UMA accounts pay an all-inclusive fee based on a percentage of assets under management. In addition to Raub Brock's management fees, this fee may represent commissions, portfolio monitoring, consulting services, and custodial services charged by the UMA sponsor. UMA fee schedules are provided by independent UMA sponsors and are available upon request from the respective UMA sponsor.

Raub Brock's standard management fee schedule is as follows: 1.25% of assets up to \$500 thousand, 1.00% of assets \$500 thousand to \$2.5 million, 0.80% of assets \$2.5 million to \$5 million, and 0.60% of assets over \$5 million. Actual investment advisory fees incurred by clients may vary.

For the years 2000 through 2008, balanced portfolio segments make up 100% of the composite and performance and market values reflect a required total segment plus cash return using a predetermined cash allocation percentage.

For the year 2009, balanced portfolio segments make up 88.7% of the composite and performance and market values for these segments reflect a required total segment plus cash return using a predetermined cash allocation percentage. The remaining 11.3% of the composite constitutes total segments plus actual cash.

The Raub Brock Dividend Growth Portfolio Composite was created September 1, 2006. On December 31, 2012, the composite's name was changed from *Raub Brock Dividend Growth Core Equity Portfolio* to *Raub Brock Dividend Growth Portfolio*.

SHAREHOLDER SERVICE PLAN

Shareholder Service Fee

The Fund may pay a fee at an annual rate of up to 0.15% of its average daily net assets attributable to Institutional Class shares to shareholder servicing agents. Shareholder servicing agents provide non-distribution administrative and support services to their customers, which may include establishing and maintaining accounts and records relating to shareholders, processing dividend and distribution payments from the Fund on behalf of shareholders, forwarding communications from the Fund, providing sub-accounting with respect to Fund shares, and other similar services.

Additional Payments to Broker-Dealers and Other Financial Intermediaries

The Advisor or the Fund may pay service fees to intermediaries such as banks, broker-dealers, financial advisors or other financial institutions, some of which may be affiliates, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus accounts, other group accounts or accounts traded through registered securities clearing agents.

The Advisor, out of its own resources, and without additional cost to the Fund or its shareholders, may provide additional cash payments or non-cash compensation to broker-dealers or intermediaries that sell shares of the Fund.

These additional cash payments are generally made to intermediaries that provide shareholder servicing, marketing support and/or access to sales meetings, sales representatives and management representatives of the intermediary. The Advisor may pay cash compensation for inclusion of the Fund on a sales list, including a preferred or select sales list, or in other sales programs, or may pay an expense reimbursement in cases where the intermediary provides shareholder services to the Fund's shareholders. The Advisor may also pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold.

YOUR ACCOUNT WITH THE FUND

Share Price

The offering price of each class of the Fund's shares is the net asset value per share ("NAV") of that class. The Fund's NAV is calculated as of 4:00 p.m. Eastern Time, the normal close of regular trading on the New York Stock Exchange ("NYSE"), on each day the NYSE is open for trading. If for example, the NYSE closes at 1:00 p.m. New York time, the Fund's NAV would still be determined as of 4:00 p.m. New York time. In this example, portfolio securities traded on the NYSE would be valued at their closing prices unless the Trust's Valuation Committee determines that a "fair value" adjustment is appropriate due to subsequent events. The Fund's NAV is determined by dividing the value of the Fund's portfolio securities, cash and other assets (including accrued interest) allocable to such class, less all liabilities (including accrued expenses) allocable to such class, by the total number of outstanding shares of such class. The Fund's NAV may be calculated earlier if permitted by the SEC. The NYSE is closed on weekends and most U.S. national holidays. However, foreign securities listed primarily on non-U.S. markets may trade on weekends or other days on which the Fund does not value its shares, which may significantly affect the Fund's NAV on days when you are not able to buy or sell Fund shares.

The Fund's securities generally are valued at market price. Securities are valued at fair value when market quotations are not readily available. The Board has adopted procedures to be followed when the Fund must utilize fair value pricing, including when reliable market quotations are not readily available, when the Fund's pricing service does not provide a valuation (or provides a valuation that, in the judgment of the Advisor, does not represent the security's fair value), or when, in the judgment of the Advisor, events have rendered the market value unreliable (see, for example, the discussion of fair value pricing of foreign securities in the paragraph below). Valuing securities at fair value involves reliance on the judgment of the Advisor and the Board (or a committee thereof), and may result in a different price being used in the calculation of the Fund's NAV from quoted or published prices for the same securities. Fair value determinations are made in good faith in accordance with procedures adopted by the Board. There can be no assurance that the Fund will obtain the fair value assigned to a security if it sells the security.

In certain circumstances, the Fund employs fair value pricing to ensure greater accuracy in determining daily NAV and to prevent dilution by frequent traders or market timers who seek to exploit temporary market anomalies. Fair value pricing may be applied to foreign securities held by the Fund upon the occurrence of an event after the close of trading on non-U.S. markets but before the close of trading on the NYSE when the Fund's NAV are determined. If the event may result in a material adjustment to the price of the Fund's foreign securities once non-U.S. markets open on the following business day (such as, for example, a significant surge or decline in the U.S. market), the Fund may value such foreign securities at fair value, taking into account the effect of such event, in order to calculate the Fund's NAV.

Other types of portfolio securities that the Fund may fair value include, but are not limited to: (1) investments that are illiquid or traded infrequently, including "restricted" securities and private placements for which there is no public market; (2) investments for which, in the judgment of the Advisor, the market price is stale; (3) securities of an issuer that has entered into a restructuring; (4) securities for which trading has been halted or suspended; and (5) fixed income securities for which there is no current market value quotation.

Purchase of Shares

This Prospectus offers one class of shares of the Fund: Institutional Class.

To purchase shares of the Fund, generally you must invest at least the minimum amount indicated in the following table.

<u>Minimum Investments</u>	<u>To Open Your Account</u>	<u>To Add to Your Account</u>
Direct Regular Accounts	\$10,000	\$100
Direct Retirement Accounts	\$5,000	\$100
Automatic Investment Plan	\$10,000	\$100
Gift Account For Minors	\$10,000	\$100

Shares of the Fund may be purchased by check, by wire transfer of funds via a bank or through an approved financial intermediary (i.e., a supermarket, investment advisor, financial planner or consultant, broker, dealer or other investment professional and their agents) authorized by the Fund to receive purchase orders. Financial intermediaries may provide varying arrangements for their clients to purchase and redeem shares, which may include different sales charges as described in this Prospectus, additional fees and different investment minimums. In addition, from time to time, a financial intermediary may modify or waive the initial and subsequent investment minimums. The share classes your financial intermediary sells may depend on, among other things, the type of investor account and the policies, procedures and practices adopted by your financial intermediary. You should review these arrangements with your financial intermediary.

You may make an initial investment in an amount equal to or greater than the minimum amounts shown in the preceding table and the Fund may, from time to time, reduce or waive the minimum initial investment amounts. The minimum initial investment amount is automatically waived for Fund shares purchased by Trustees of the Trust and current or retired directors and employees of the Advisor and its affiliates.

To the extent allowed by applicable law, the Fund reserves the right to discontinue offering shares at any time or to cease operating entirely.

In-Kind Purchases and Redemptions

The Fund reserves the right to accept payment for shares in the form of securities that are permissible investments for the Fund. The Fund also reserves the right to pay redemptions by an “in-kind” distribution of portfolio securities (instead of cash) from the Fund. In-kind purchases and redemptions are taxable events and may result in the recognition of gain or loss for federal income tax purposes. See the SAI for further information about the terms of these purchases and redemptions.

Additional Investments

Additional subscriptions in the Fund generally may be made by investing at least the minimum amount shown in the table above. Exceptions may be made at the Fund’s discretion. You may purchase additional shares of the Fund by sending a check together with the investment stub from your most recent account statement to the Fund at the applicable address listed in the table below. Please ensure that you include your account number on the check. If you do not have the investment stub from your account statement, list your name, address and account number on a separate sheet of paper and include it with your check. You may also make additional investments in the Fund by wire transfer of funds or through an approved financial intermediary. The minimum additional investment amount is automatically waived for shares purchased by Trustees of the Trust and current or retired directors and employees of the Advisor and its affiliates. Please follow the procedures described in this Prospectus.

Dividend Reinvestment

You may reinvest dividends and capital gains distributions in shares of the Fund. Such shares are acquired at NAV on the applicable payable date of the dividend or capital gain distribution. Unless you instruct otherwise, dividends and distributions on Fund shares are automatically reinvested in shares of the same class of the Fund paying the dividend or distribution. This instruction may be made by writing to the Transfer Agent or by telephone by calling 1-888-552-5520. You may, on the account application form or prior to any declaration, instruct that dividends and/or capital gain distributions be paid in cash or be reinvested in the Fund at the next determined NAV. If you elect to receive dividends and/or capital gain distributions in cash and the U.S. Postal Service cannot deliver the check, or if a check remains

outstanding for six months or more, the Fund reserves the right to reinvest the distribution check in your account at the Fund's current NAV and to reinvest all subsequent distributions.

Customer Identification Information

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account. When you open an account, you will be asked for your name, date of birth (for a natural person), your residential address or principal place of business, and mailing address, if different, as well as your Social Security Number or Taxpayer Identification Number. Additional information is required for corporations, partnerships and other entities, including the name, residential address, date of birth and Social Security Number of the underlying beneficial owners and authorized control persons of entity owners. Applications without such information will not be considered in good order. The Fund reserves the right to deny any application if the application is not in good order.

This Prospectus should not be considered a solicitation to purchase or as an offer to sell shares of the Fund in any jurisdiction where it would be unlawful to do so under the laws of that jurisdiction. Please note that the value of your account may be transferred to the appropriate state if no activity occurs in the account within the time period specified by state law.

Automatic Investment Plan

If you intend to use the Automatic Investment Plan ("AIP"), you may open your account with the initial minimum investment amount. Once an account has been opened, you may make additional investments in the Fund at regular intervals through the AIP. If elected on your account application, funds can be automatically transferred from your checking or savings account on the 5th, 10th, 15th, 20th or 25th of each month. In order to participate in the AIP, each additional subscription must be at least \$100 and your financial institution must be a member of the Automated Clearing House ("ACH") network. The first AIP purchase will be made 15 days after the Fund's transfer agent (the "Transfer Agent") receives your request in good order. The Transfer Agent will charge a \$25 fee for any ACH payment that is rejected by your bank. Your AIP will be terminated if two successive mailings we send to you are returned by the U.S. Postal Service as undeliverable. You may terminate your participation in the AIP at any time by notifying the Transfer Agent at 1-888-552-5520 at least five days prior to the date of the next AIP transfer. The Fund may modify or terminate the AIP at any time without notice.

Timing and Nature of Requests

The purchase price you will pay for the Fund's shares will be the next NAV calculated after the Transfer Agent or your authorized financial intermediary receives your request in good order. "Good order" means that your purchase request includes: (1) the name of the Fund, (2) the dollar amount of shares to be purchased, (3) your purchase application or investment stub, and (4) a check payable to ***Raub Brock Dividend Growth Fund***. All requests received in good order before 4:00 p.m. (Eastern Time) on any business day will be processed on that same day. Requests received at or after 4:00 p.m. (Eastern Time) will be transacted at the next business day's NAV. All purchases must be made in U.S. Dollars and drawn on U.S. financial institutions.

Methods of Buying

Through a broker-dealer or other financial intermediary

The Fund is offered through certain approved financial intermediaries (and their agents). The Fund is also offered directly. A purchase order placed with a financial intermediary or its authorized agent is treated as if such order were placed directly with the Fund, and will be deemed to have been received by the Fund when the financial intermediary or its authorized agent receives the order and executed at the next NAV calculated by the Fund. Your financial intermediary will hold your shares in a pooled account in its (or its agent's) name. The Fund may pay your financial intermediary (or its agent) to maintain your individual ownership information, maintain required records, and provide other shareholder services. A financial intermediary which offers shares may charge its individual clients transaction fees which may be in addition to those described in this Prospectus. If you invest through your financial intermediary, its policies and fees may be different than those described in this Prospectus. For example, the financial intermediary may charge transaction fees or set different minimum investments. Your financial intermediary is responsible for processing your order correctly and promptly, keeping you advised of the status of your account, confirming your transactions and ensuring that you receive copies of the Fund's Prospectus. Please contact your financial intermediary to determine whether it is an approved financial intermediary of the Fund or for additional information.

By mail

The Fund will not accept payment in cash, including cashier's checks. Also, to prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks, money orders or starter checks for the purchase of shares. All checks must be made in U.S. Dollars and drawn on U.S. financial institutions.

To buy shares directly from the Fund by mail, complete an account application and send it together with your check for the amount you wish to invest to the Fund at the address indicated below. To make additional investments once you have opened your account, write your account number on the check and send it to the Fund together with the most recent confirmation statement received from the Transfer Agent. If your check is returned for insufficient funds, your purchase will be canceled and a \$25 fee will be assessed against your account by the Transfer Agent.

Regular Mail

Raub Brock Dividend Growth Fund
P.O. Box 2175
Milwaukee, Wisconsin 53201

Overnight Delivery

Raub Brock Dividend Growth Fund
235 West Galena Street
Milwaukee, Wisconsin 53212

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents.

By telephone

To make additional investments by telephone, you must authorize telephone purchases on your account application. If you have given authorization for telephone transactions and your account has been open for at least 15 days, call the Transfer Agent toll-free at 877-882-8825 and you will be allowed to move money in amounts of at least \$100, but not greater than \$50,000, from your bank account to the Fund's account upon request. Only bank accounts held at U.S. institutions that are ACH members may be used for telephone transactions. If your order is placed before 4:00 p.m. (Eastern Time) on a business day shares will be purchased in your account at the NAV calculated on that day. Orders received at or after 4:00 p.m. (Eastern Time) will be transacted at the next business day's NAV. For security reasons, requests by telephone will be recorded.

By wire

To open an account by wire, a completed account application form must be received by the Fund before your wire can be accepted. You may mail or send by overnight delivery your account application form to the Transfer Agent. Upon receipt of your completed account application form, an account will be established for you. The account number assigned to you will be required as part of the wiring instruction that should be provided to your bank to send the wire. Your bank must include the name of the Fund, the account number, and your name so that monies can be correctly applied. Your bank should transmit monies by wire to:

UMB Bank, n.a.

ABA Number 101000695

For credit to Raub Brock Dividend Growth Fund

A/C # 9872325281

For further credit to:

Your account number

Fund Name

Name(s) of investor(s)

Social Security Number or Taxpayer Identification Number

Before sending your wire, please contact the Transfer Agent at 1-888-552-5520 to notify it of your intention to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. Your bank may charge a fee for its wiring service.

Wired funds must be received prior to 4:00 p.m. (Eastern Time) on a business day to be eligible for same day pricing. **The Fund and UMB Bank, n.a. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.**

Selling (Redeeming) Fund Shares

Through a broker-dealer or other financial intermediary

If you purchased your shares through an approved financial intermediary, your redemption order generally must be placed through the same financial intermediary. The Fund will be deemed to have received a redemption order when a financial intermediary (or its authorized agent) receives the order. The financial intermediary must receive your redemption order prior to 4:00 p.m. (Eastern Time) on a business day for the redemption to be processed at the current day's NAV. Orders received at or after 4:00 p.m. (Eastern Time) on a business day or on a day when the Fund does not value its shares will be transacted at the next business day's NAV. Please keep in mind that your financial intermediary may charge additional fees for its services. In the event your approved financial intermediary is no longer available or in operation, you may place your redemption order directly with the Fund as described below.

By mail

You may redeem shares purchased directly from the Fund by mail. Send your written redemption request to ***Raub Brock Dividend Growth Fund*** at the address indicated below. Your request must be in good order and contain the Fund name, the name(s) on the account, your account number and the dollar amount or the number of shares to be redeemed. The redemption request must be signed by all shareholders listed on the account. Additional documents are required for certain types of shareholders, such as corporations, partnerships, executors, trustees, administrators, or guardians (*i.e.*, corporate resolutions dated within 60 days, or trust documents indicating proper authorization).

Regular Mail***Raub Brock Dividend Growth Fund***

Overnight Delivery***Raub Brock Dividend Growth Fund***

235 West Galena Street

Milwaukee, Wisconsin 53212

A Medallion signature guarantee must be included if any of the following situations apply:

- You wish to redeem more than \$50,000 worth of shares;
- When redemption proceeds are sent to any person, address or bank account not on record;
- If a change of address was received by the Transfer Agent within the last 15 days;
- If ownership is changed on your account; or
- When establishing or modifying certain services on your account.

By telephone

To redeem shares by telephone, call the Fund at 1-888-552-5520 and specify the amount of money you wish to redeem. You may have a check sent to the address of record, or, if previously established on your account, you may have proceeds sent by wire or electronic funds transfer through the ACH network directly to your bank account. Wire transfers are subject to a \$20 fee paid by the shareholder and your bank may charge a fee to receive wired funds. Checks sent via overnight delivery are subject to a \$25 charge. You do not incur any charge when proceeds are sent via the ACH network; however, credit may not be available for two to three business days.

If you are authorized to perform telephone transactions (either through your account application form or by subsequent arrangement in writing with the Fund), you may redeem shares worth up to \$50,000, by instructing the Fund by phone at 1-888-552-5520. Unless noted on the initial account application, a Medallion signature guarantee is required of all shareholders in order to qualify for or to change telephone redemption privileges.

Note: The Fund and all of its service providers will not be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. To confirm that all telephone instructions are genuine, the caller must verify the following:

- The Fund account number;
- The name in which his or her account is registered;
- The Social Security Number or Taxpayer Identification Number under which the account is registered; and
- The address of the account holder, as stated in the account application form.

Medallion Signature Guarantee

In addition to the situations described above, the Fund reserves the right to require a Medallion signature guarantee in other instances based on the circumstances relative to the particular situation.

Shareholders redeeming more than \$50,000 worth of shares by mail should submit written instructions with a Medallion signature guarantee from an eligible institution acceptable to the Transfer Agent, such as a domestic bank or trust company, broker, dealer, clearing agency or savings association, or from any participant in a Medallion program recognized by the Securities Transfer Association. The three currently recognized Medallion programs are Securities Transfer Agents Medallion Program, Stock Exchanges Medallion Program and New York Stock Exchange, Inc. Medallion Signature Program. Signature guarantees that are not part of these programs will not be accepted. Participants in Medallion programs are subject to dollar limitations which must be considered when requesting their guarantee. The Transfer Agent may reject any signature guarantee if it believes the transaction would otherwise be improper. *A notary public cannot provide a signature guarantee.*

Systematic Withdrawal Plan

You may request that a predetermined dollar amount be sent to you on a monthly or quarterly basis. Your account must maintain a value of at least \$1,000 for you to be eligible to participate in the Systematic Withdrawal Plan (“SWP”). The minimum withdrawal amount is \$100. If you elect to receive redemptions through the SWP, the Fund will send a check to your address of record, or will send the payment via electronic funds transfer through the ACH network, directly to your bank account on record. You may request an application for the SWP by calling the Transfer Agent toll-free at 1-888-552-5520. The Fund may modify or terminate the SWP at any time. You may terminate your participation in the SWP by calling the Transfer Agent at least five business days before the next withdrawal.

Payment of Redemption Proceeds

You may redeem shares of the Fund at a price equal to the NAV next determined after the Transfer Agent and/or authorized agent receives your redemption request in good order. Generally, your redemption request cannot be processed on days the NYSE is closed. Redemption proceeds for requests received in good order by the Transfer Agent and/or authorized agent before the close of the regular trading session of the NYSE (generally 4:00 p.m. Eastern Time) will usually be sent to the address of record or the bank you indicate, or wired using the wire instructions on record, on the following business day. Payment of redemption proceeds may take longer than typically expected, but will be sent within seven calendar days after the Fund receives your redemption request, except as specified below.

If you purchase shares using a check and request a redemption before the check has cleared, the Fund may postpone payment of your redemption proceeds up to 15 calendar days while the Fund waits for the check to clear. Furthermore, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven calendar days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists affecting the sale of the Fund’s securities or making such sale or the fair determination of the value of the Fund’s net assets not reasonably practicable; or (3) for such other periods as the SEC may permit for the protection of the Fund’s shareholders.

Other Redemption Information

IRA and retirement plan redemptions from accounts for which UMB Bank, n.a. is the custodian must be completed on an IRA Distribution Form or other acceptable form approved by UMB Bank, n.a. Shareholders who hold shares of the Fund through an IRA or other retirement plan must indicate on their redemption requests whether to withhold federal income tax. Such redemption requests will generally be subject to a 10% federal income tax withholding unless a shareholder elects not to have taxes withheld. An IRA owner with a foreign residential address may not elect to forgo the 10% withholding. In addition, if you are a resident of certain states, state income tax also applies to non-Roth IRA distributions when federal withholding applies. Please consult with your tax professional.

The Fund generally pays sale (redemption) proceeds in cash. The Fund typically expects to satisfy redemption requests by selling portfolio assets or by using holdings of cash or cash equivalents. The Fund uses these methods during both normal and stressed market conditions. During conditions that make the payment of cash unwise and/or in order to protect the interests of the Fund’s remaining shareholders, the Fund may pay all or part of a shareholder’s redemption proceeds in portfolio securities with a market value equal to the redemption price (redemption-in-kind) in lieu of cash. The Fund may redeem shares in kind during both normal and stressed market conditions. Generally, in kind redemptions will be effected through a pro rata distribution of the Fund’s portfolio securities. If the Fund redeems your shares in kind, you will bear any market risks associated with investment in these securities, and you will be responsible for the costs (including brokerage charges) of converting the securities to cash.

The Fund may redeem all of the shares held in your account if your balance falls below the Fund’s minimum initial investment amount due to your redemption activity. In these circumstances, the Fund will notify you in writing and request that you increase your balance above the minimum initial investment amount within 60 days of the date of the notice. If, within 60 days of the Fund’s written request, you have not increased your account balance, your shares will be automatically redeemed at the current NAV. The Fund will not require that your shares be redeemed if the value of your account drops below the investment minimum due to fluctuations of the Fund’s NAV.

Cost Basis Information

Federal tax law requires that regulated investment companies, such as the Fund, report their shareholders' cost basis, gain/loss, and holding period to the IRS on the shareholders' Consolidated Form 1099s when "covered" shares of the regulated investment companies are sold. Covered shares are any shares acquired (including pursuant to a dividend reinvestment plan) on or after January 1, 2012.

The Fund has chosen "first-in, first-out" ("FIFO") as its standing (default) tax lot identification method for all shareholders, which means this is the method the Fund will use to determine which specific shares are deemed to be sold when there are multiple purchases on different dates at differing net asset values and the entire position is not sold at one time. The Fund's standing tax lot identification method is the method it will use to report the sale of covered shares on your Consolidated Form 1099 if you do not select a specific tax lot identification method. Redemptions are taxable and you may realize a gain or a loss upon the sale of your shares. Certain shareholders may be subject to backup withholding.

Subject to certain limitations, you may choose a method other than the Fund's standing method at the time of your purchase or upon the sale of covered shares. Please refer to the appropriate Treasury regulations or consult your tax advisor with regard to your personal circumstances.

Tools to Combat Frequent Transactions

The Trust's Board of Trustees has adopted policies and procedures with respect to frequent purchases and redemptions of Fund shares by Fund shareholders. The Trust discourages excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm the Fund's performance. The Trust takes steps to reduce the frequency and effect of these activities on the Fund. These steps may include monitoring trading activity and using fair value pricing. In addition, the Trust may take action, which may include using its best efforts to restrict a shareholder from making additional purchases in the Fund, if that shareholder has engaged in four or more "round trips" in the Fund during a 12-month period. Although these efforts (which are described in more detail below) are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity may occur. Further, while the Trust makes efforts to identify and restrict frequent trading, the Trust receives purchase and sale orders through financial intermediaries and cannot always know or detect frequent trading that may be facilitated by the use of intermediaries or the use of group or omnibus accounts by those intermediaries. The Trust seeks to exercise its judgment in implementing these tools to the best of its ability in a manner that the Trust believes is consistent with the interests of Fund shareholders.

<i>Monitoring Trading Practices</i>	The Trust may monitor trades in Fund shares in an effort to detect short-term trading activities. If, as a result of this monitoring, the Trust believes that a shareholder of the Fund has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Trust seeks to act in a manner that it believes is consistent with the best interest of Fund shareholders. Due to the complexity and subjectivity involved in identifying abusive trading activity, there can be no assurance that the Trust's efforts will identify all trades or trading practices that may be considered abusive.

General Transaction Policies

Some of the following policies are mentioned above. In general, the Fund reserves the right to:

- vary or waive any minimum investment requirement;
- refuse, change, discontinue, or temporarily suspend account services, including purchase or telephone redemption privileges (if redemption by telephone is not available, you may send your redemption order to the Fund via regular or overnight delivery), for any reason;
- reject any purchase request for any reason (generally the Fund does this if the purchase is disruptive to the efficient management of the Fund due to the timing of the investment or an investor's history of excessive trading);
- delay paying redemption proceeds for up to seven calendar days after receiving a request, if an earlier payment could adversely affect the Fund;
- reject any purchase or redemption request that does not contain all required documentation; and
- subject to applicable law and with prior notice, adopt other policies from time to time requiring mandatory redemption of shares in certain circumstances.

If you elect telephone privileges on the account application or in a letter to the Fund, you may be responsible for any fraudulent telephone orders as long as the Fund and/or its service providers have taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified.

During periods of significant economic or market change, telephone transactions may be difficult to complete. If you are unable to contact the Fund by telephone, you may also mail your request to the Fund at the address listed under "Methods of Buying."

Your broker or other financial intermediary may establish policies that differ from those of the Fund. For example, the organization may charge transaction fees, set higher minimum investments, or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Contact your broker or other financial intermediary for details.

Please note that the value of your account may be transferred to the appropriate state if no activity occurs in the account within the time period specified by state law.

Prospectus and Shareholder Report Mailings

In order to reduce the amount of mail you receive and to help reduce expenses, we generally send a single copy of any shareholder report and Prospectus to each household. If you do not want the mailing of these documents to be combined with those of other members of your household, please contact your authorized dealer or the Transfer Agent.

Additional Information

The Fund enters into contractual arrangements with various parties, including among others the Advisor, who provide services to the Fund. Shareholders are not parties to, or intended (or "third party") beneficiaries of, those contractual arrangements.

The Prospectus and the SAI provide information concerning the Fund that you should consider in determining whether to purchase shares of the Fund. The Fund may make changes to this information from time to time. Neither this

prospectus nor the SAI is intended to give rise to any contract rights or other rights in any shareholder, other than any rights conferred by federal or state securities laws that may not be waived.

DIVIDENDS AND DISTRIBUTIONS

The Fund will make distributions of net investment income annually and net capital gains, if any, at least annually, typically in December. The Fund may make additional payments of dividends or distributions if it deems it desirable at any other time during the year.

All dividends and distributions will be reinvested in Fund shares unless you choose one of the following options: (1) to receive net investment income dividends in cash, while reinvesting capital gain distributions in additional Fund shares; or (2) to receive all dividends and distributions in cash. If you wish to change your distribution option, please write to the Transfer Agent before the payment date of the distribution.

If you elect to receive distributions in cash and the U.S. Postal Service cannot deliver your check, or if your distribution check has not been cashed for six months, the Fund reserves the right to reinvest the distribution check in your account at the Fund's then current NAV and to reinvest all subsequent distributions.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion is very general and does not address investors subject to special rules, such as investors who hold Fund shares through an IRA, 401(k) plan or other tax-advantaged account. The SAI contains further information about taxes. Because each shareholder's circumstances are different and special tax rules may apply, you should consult your tax advisor about your investment in the Fund.

The Tax Cuts and Jobs Act (the "Tax Act") made significant changes to the U.S. federal income tax rules for taxation of individuals and corporations, generally effective for taxable years beginning after December 31, 2017. Many of the changes applicable to individuals are temporary and only apply to taxable years beginning after December 31, 2017 and before January 1, 2026. There are only minor changes with respect to the specific rules applicable to a regulated investment company, such as the Fund. The Tax Act, however, made numerous other changes to the tax rules that may affect shareholders and the Fund. You are urged to consult your own tax advisor regarding how the Tax Act affects your investment in the Fund.

You will generally have to pay federal income taxes, as well as any state or local taxes, on distributions received from the Fund, whether paid in cash or reinvested in additional shares. If you sell Fund shares, it is generally considered a taxable event. If you exchange shares of the Fund for shares of another fund, the exchange will be treated as a sale of the Fund's shares and any gain on the transaction may be subject to federal income tax.

Distributions of net investment income, other than "qualified dividend income," and distributions of net short-term capital gains, are taxable for federal income tax purposes at ordinary income tax rates. Distributions from the Fund's net capital gain (i.e., the excess of its net long-term capital gain over its net short-term capital loss) are taxable for federal income tax purposes as long-term capital gain, regardless of how long the shareholder has held Fund shares.

Dividends paid by the Fund (but none of the Fund's capital gain distributions) may qualify in part for the dividends-received deduction available to corporate shareholders, provided certain holding period and other requirements are satisfied. Distributions of investment income that the Fund reports as "qualified dividend income" may be eligible to be taxed to non-corporate shareholders at the reduced rates applicable to long-term capital gain if derived from the Fund's qualified dividend income and if certain other requirements are satisfied. "Qualified dividend income" generally is income derived from dividends paid by U.S. corporations or certain foreign corporations that are either incorporated in a U.S. possession or eligible for tax benefits under certain U.S. income tax treaties. In addition, dividends that the Fund receives in respect of stock of certain foreign corporations may be qualified dividend income if that stock is readily tradable on an established U.S. securities market.

You may want to avoid buying shares of the Fund just before it declares a distribution (on or before the record date), because such a distribution will be taxable to you even though it may effectively be a return of a portion of your investment.

Although distributions are generally taxable when received, dividends declared in October, November or December to shareholders of record as of a date in such month and paid during the following January are treated as if received on December 31 of the calendar year when the dividends were declared.

Information on the federal income tax status of dividends and distributions is provided annually.

Dividends and distributions from the Fund and net gain from redemptions of Fund shares will generally be taken into account in determining a shareholder's "net investment income" for purposes of the Medicare contribution tax applicable to certain individuals, estates and trusts.

If you do not provide the Fund with your correct taxpayer identification number and any required certifications, you will be subject to backup withholding on your redemption proceeds, dividends and other distributions. The backup withholding rate is currently 24%.

Dividends and certain other payments made by the Fund to a non-U.S. shareholder are subject to withholding of federal income tax at the rate of 30% (or such lower rate as may be determined in accordance with any applicable treaty). Dividends that are reported by the Fund as "interest-related dividends" or "short-term capital gain dividends" are generally exempt from such withholding. In general, the Fund may report interest-related dividends to the extent of its net income derived from U.S.-source interest and the Fund may report short-term capital gain dividends to the extent its net short-term capital gain for the taxable year exceeds its net long-term capital loss. Backup withholding will not be applied to payments that have been subject to the 30% withholding tax described in this paragraph.

Under legislation commonly referred to as "FATCA," unless certain non-U.S. entities that hold shares comply with IRS requirements that will generally require them to report information regarding U.S. persons investing in, or holding accounts with, such entities, a 30% withholding tax may apply to dividends payable to such entities. A non-U.S. shareholder may be exempt from the withholding described in this paragraph under an applicable intergovernmental agreement between the United States and a foreign government, provided that the shareholder and the applicable foreign government comply with the terms of the agreement.

Some of the Fund's investment income may be subject to foreign income taxes that are withheld at the country of origin. Tax treaties between certain countries and the United States may reduce or eliminate such taxes, but there can be no assurance that the Fund will qualify for treaty benefits.

FINANCIAL HIGHLIGHTS

Because the Fund has not commenced operations as of the date of this Prospectus, no financial information is available.

FOR MORE INFORMATION

Statement of Additional Information (SAI)

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Shareholder Reports

Additional information about the Fund's investments will be available in the Fund's annual and semi-annual reports to shareholders. In the Fund's annual report, you will find a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during its most recent fiscal year.

The Fund's SAI is available and annual and semi-annual reports will be available, free of charge, on the Fund's website at www.raubbrock.com. You can also obtain a free copy of the Fund's SAI or annual and semi-annual reports, request other information, or inquire about the Fund by contacting a broker that sells shares of the Fund or by calling the Fund (toll-free) at 1-888-552-5520 or by writing to:

Raub Brock Dividend Growth Fund
